COVID – 19 informations, restrictions and recommendation

In the South Bohemian Region, the Regulation of the Regional Hygiene Station is in force at this time in order to prevent the further spread of the COVID-19 epidemic - the full text (CZE) is [HERE](#).

Important information regarding the mandatory wearing of respiratory protection - applies to the interior of all medical facilities, including pharmacies, all social services facilities and also in all publicly accessible interiors of offices.

We also recommend wearing respiratory masks at the race site - especially the race office and F&T zone - this is not a regulation, but only a recommendation.

Please read the recommended rules of conduct and hygiene.

Race office and other spaces will be equipped with disinfectants and it will be possible to buy a mask (race office).

In addition, we ask you to voluntarily give up the race in case of COVID-19 symptoms. Foreigner participants are responsible for the correct arrival to Czech Republic.

Bib number pick up & Staff:

Staff members are limited according to the race program. All accompanying persons are considered to be staff. No spectators will be admitted to the race area.

We generally ask you to arrive with as few personnel as possible.

Training:

Training is only allowed during the defined training slots of the respective category according to the race program.

Arrival & Departure:

The arrival times for all athletes must be adhered to the race program. Campers can arrive and depart before and after the last race of the day.

We also kindly ask you to leave the race venue after the race.

Late registrations:

In order that the number of participants and staff members can be accurately determined in advance, late registrations on site won't be possible.

Sanitary facility:

Sanitary facilities are available in the start/finish area, or in the parking 1.

Food:

Food stands are: 1 on the start/finish area, 2 under start/finish area, 3. by chairlift and drop.

Further Information
